

Pilbara Pan

PITTER PAT PRODUCTIONS INC 2018

Far above the 26 th parallel, on Australia's western coast
There is a truly magical place, that's completely unknown to most.
A place where children soar like birds, in beautiful cloud free skies
and wildcat warriors stalk the hills, roaring their hunting cries.

This land is so spectacular, it's really beyond a joke
Though you'd expect nothing less, from the home of fairy folk.

Rich and mighty tribes, hew rocks from the deep red earth
Aided in their task, by Fifo's flown up from Perth.

The tribes in this land, that's far from winters bite,
lived peacefully in endless summer, until one fateful night.

On the night that it all changed, a ship ran itself aground
And from its decks a pirate crew, suddenly did abound.
Their leader was an evil man, with a heart as cold as ice
It was safe to say that on the whole, he wasn't very nice.

His name was Captain Hook, and he was feared all over the waves

He captured all the Fifo's and turned them into slaves.

Against his pirate crew, with their swords of vicious steel

The wealthy local tribes, had no choice but to kneel.

Hook controlled the land, and grew rich but no less cruel

Until a resistance was created, against the pirates rule.

The wildcats and the lost boys, joined forces for the fight

Though even together, they couldn't beat the pirates might.

They'd have to fly to London for help, so they hatched a cunning plan,

There was only one who was up for the task, they called him the Pilbara Pan.

Pitter Pat Productions is a non for profit community theatre group that focuses on giving local people an outlet to develop new skills and produce shows for the wider community. Pitter Pat Productions is the brain child of Danielle Chamberlain and was born from her passion for community theatre that she used to be a part of in her native Wales. Danielle noticed a lack of community theatre groups which are not for profit, so she set about creating a group that could be accessible for all members of our community.

Pitter Pat Productions has grown and is now run by a dedicated committee of local volunteers, many of whom, this is their first foray into the world of theatre. Pitter Pat Productions main focus is having local people putting on shows for local people. We have such a wide pool of skilled and talented people in this town that we can come together to produce our own homegrown productions. The completion of the Red Earth Arts Precinct provides a high quality venue which gives the local community an opportunity to put on shows.

Pilbara Pan is our debut production and hopefully the first of many. It is one hundred percent local content having been written by Danielle's partner Chris Heaton and directed by Danielle herself. All the actors and backstage crew are also local volunteers and we all thank you for your support and hope you enjoy the show.
